

Stock and Trim Free

PRODUCT GUIDE

Program Specifications

- Stocked items require a MOQ of 1 master width x 2,500 lineal feet on all Technicote pressure sensitive or non-pressure sensitive products.
- Minimum 3" slit width on stock products and trim free orders.
- Roll lengths of trim free items are listed as follows: **TF2.5:** Trim free 2,500'/ **TF5:** Trim free 5,000'/ **TF7.5:** Trim free 7,500'/ **TF10:** Trim free 10,000' (Minimum 4" slit width required)
- Trim free roll length policy: Trim free rolls are produced to the precise length as standard policy. However, some rolls may be over or under the specific trim free roll length to avoid splices near the end of production rolls.
- Pre-Slit Program: Variable widths are available for purchase and marked as PS in the chart. Please contact your sales rep for more information.
- Terms & Conditions of sale and product warranty information are available online at www.technicote.com.
